

SOLID POLYPROPYLENE SHEET

Solid plastic sheet made from extruded polypropylene (PP) — high-impact copolymer for colored presentations and random copolymer for the clarified version — available in mirror, matte or 45° scored finish. Premium-grade material, reusable and resistant to moisture, grease and common chemical agents. Designed for high-performance separation, protection, packaging and conversion applications.

The **ZSOLID Line** is available in **15, 20, 30, 40, 60 and 80 mil gauges, plus others on request**, and is adjusted in thickness, dimensions, color and finish to each customer's specific requirements. Available clarified (colorless) and in colors.

BENEFITS

- High-strength, rigid sheet made from premium-grade PP.
- Available in mirror, matte or 45° scored finish depending on the application.
- Reusable and 100% recyclable.
- Resistant to moisture, grease and common chemical agents.
- Available in multiple gauges (15, 20, 30, 40, 60 and 80 mils, plus others on request).
- Available clarified, natural and in colors.

APPLICATIONS

- Separators, dividers, shelf liners, pallet tops and bases.
- Reusable industrial packaging for recurring use.
- Trays, bins and load-protection solutions for stacking.

SPECIFICATIONS

Gauge (mils)	Thickness (mm)	Thickness (in)	Thick. tol. (in)	Corona (dynes/cm)	Width (mm)	Length (mm)	Squareness (mm)
15	0.381	0.015	± 0.002	40 - 42	+ 3 mm	+ 5 mm	≤ 10
20	0.508	0.020	± 0.002	40 - 42	+ 3 mm	+ 5 mm	≤ 10
30	0.762	0.030	± 0.002	40 - 42	+ 3 mm	+ 5 mm	≤ 10
40	1.016	0.040	± 0.002	40 - 42	+ 3 mm	+ 5 mm	≤ 10
60	1.524	0.060	± 0.002	40 - 42	+ 3 mm	+ 5 mm	≤ 10
80	2.032	0.080	± 0.002	40 - 42	+ 3 mm	+ 5 mm	≤ 10

Standard gauges shown; others available on request. Standard sheet size: 122 × 244 cm (48" × 96"), adjustable to customer specifications.

Roll format: available if required by the customer, particularly in 15, 20 and 30 mil gauges.

MATERIAL AND FINISH

Color	Clarified, natural or colors per customer requirement.
Surface	Mirror, matte or 45° scored
Format	Standard sheet 122 × 244 cm; in roll if required by the customer (15, 20 and 30 mil gauges)

Notes: Gauge, dimensions, color and finish are adjusted to customer requirements; tolerances correspond to standard manufacturing and quality control.

Product made in Mexico.
